**INFORMATION CIRCULAR**

with information as of May 13, 2026 (*except as otherwise indicated*)

**This Information Circular is furnished in connection with the solicitation of proxies by the management of Bullion Gold Resources Corp. (the “Company”) for use at the annual general meeting (the “Meeting”) of the Company’s shareholders to be held on June 22, 2026, at the time and place and for the purposes set forth in the accompanying notice of the Meeting.**

In this Information Circular, references to “the **Company**”, “**we**” and “**our**” refer to **Bullion Gold Resources Corp.** “**Common Shares**” means common shares without par value in the capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders. All references to dollar amounts herein are reported in Canadian dollars, unless stated otherwise.

**GENERAL PROXY INFORMATION**

**Attendance**

The Company scheduled the Meeting on a hybrid basis. Participants will be expected to observe all rules and policies set for by the Company during the Meeting.

Only registered Shareholders and duly appointed proxyholders will be able to attend, participate and vote at the Meeting. Shareholders who attend the Meeting virtually will not be able to vote at the meeting. Non-registered Shareholders who have not duly appointed themselves as proxyholder will not be able to vote or ask questions at the Meeting but will be able to participate as a “guest”.

**Solicitation of Proxies**

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. The Company has arranged for intermediaries to forward the meeting materials to beneficial owners of Common Shares held as of the record date by those intermediaries and may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

**Appointment of Proxyholders**

The individuals named in the accompanying form of proxy (the “**Proxy**”) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and act on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

## **Voting by Proxyholder**

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

**In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.**

## **Registered Shareholders**

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders who choose to submit a proxy may do so by one of the following methods:

- (a) complete, date and sign the proxy form and return it to the Company's transfer agent by mail to TSX Trust Company at P.O. Box 721, Agincourt, Ontario M1S 0A1, or by fax to 416-595-9593 or scan and email to [proxyvote@tmx.com](mailto:proxyvote@tmx.com); or
- (b) use any touch-tone phone, call toll free in Canada and United States 1-888-489-7352. Registered Shareholders must follow the voice instructions and refer to the enclosed proxy form for the holder's control number; or
- (c) log on to TSX Trust's website at [www.meeting-vote.com](http://www.meeting-vote.com) Registered Shareholders must follow the instructions provided on the website and refer to the enclosed proxy form for the holder's account number and the proxy access number.

Registered Shareholders must ensure their completed Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment thereof.

## **Beneficial Shareholders (Non-registered Shareholders)**

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States (the "U.S."), under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

You should carefully follow the instructions of your broker or intermediary in order to ensure that your Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the Proxy provided to Registered Shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in Canada and in the U.S. Broadridge mails a voting instruction form (a “**VIF**”) in lieu of a Proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF to represent your Common Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative (which may be you), in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting voting of Common Shares to be represented at the Meeting. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with Broadridge’s instructions, well in advance of the Meeting in order to have your Common Shares voted at the Meeting, or to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares.**

This information circular and related material is being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. For this Meeting, the Company has asked TSX Trust Company to send the Meeting proxy materials to NOBO holders. Please return your VIF (defined above) as specified in the request for voting instructions that was sent to you.

The Company will not pay to send Meeting materials to OBOs or beneficial holders declining to receive annual meeting documents. Beneficial Shareholders who are OBOs should follow the instructions received from their intermediary carefully to ensure their Common Shares are voted at the Meeting.

#### **Notice to Shareholders in the United States**

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and the securities laws of the provinces of Canada. The proxy solicitation rules under the *United States Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia) (the “**BCA**”), as amended, certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

## **Revocation of Proxies**

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder's authorized attorney in writing, or, if the Registered Shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to TSX Trust Company or to the address of the office of the Company at 410 St-Nicolas Street, Suite 236, Montreal, Quebec, H2Y 2P5, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the Registered Shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

## **INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON**

No director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, and the approval of the stock option plan, as described herein.

## CORPORATE GOVERNANCE

### General

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and accountable to shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making. This section sets out the Company’s approach to corporate governance and

addresses the Company's compliance with National Instrument 58-101 – *Disclosure of Corporate Governance Practices*.

### **Board of Directors**

In order to identify and manage risks, the Board requires management to provide complete and accurate information with respect to the Company's activities and to provide relevant information concerning the industry in which the Company operates. The Board is responsible for monitoring the Company's officers, who in turn are responsible for the maintenance of internal controls and management information systems.

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in view of the Company's board of directors, be reasonably expected to interfere with the exercise of a director's independent judgment.

Currently, Mr. Gilles Laverdière, Mr. Jean-David Moore, Mr. Martin Richard, Mr. Sebastien Plouffe, Mr. Eric Gervais and Mr. Luc Gervais are all independent members of the Board.

The operations of the Company do not support a large board of directors and the Board has determined that the current constitution of the Board is appropriate for the Company's current stage of development. Similarly, given the size of the Company, all the Company's operations are conducted by a small management team, which is also represented on the Board. Individual directors are encouraged to engage an outside advisor at the expense of the Company in appropriate circumstances.

The Board does not hold meetings at which non-independent directors and members of management are not in attendance. However, the Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Company and are able to meet at any time without the non-independent director being present. At the present time, the Board facilitates the exercise of independent judgment in carrying out its responsibilities by carefully examining all material issues and relying heavily on the advice of outside counsel and other advisors in all appropriate circumstances.

## **Orientation and Continuing Education**

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business, technology and industry and on the responsibilities of directors. Directors are also encouraged to take part in training courses or information sessions provided by regulatory bodies to keep abreast of current developments in corporate governance requirements.

Board meetings are always commenced with an update and/or presentation by the Company's management team to give the directors additional insight into the Company's business and progress.

## **Ethical Business Conduct**

Each member of the Board has been made aware of the fiduciary duties placed on individual directors by the governing corporate legislation and the common law applicable to the Company and the restrictions on an individual director's participation in decisions of the Board in which the director has an interest. The Board finds that the knowledge of its members of these legal restrictions is sufficient to ensure that the Board operates independently of management and in the best interests of the Company. Where a Board member has an interest in a transaction involving the Company, that director must declare his interest in advance of its consideration by the Board and must refrain from voting on any resolution approving the transaction. Further, the Company's auditors have full and unrestricted access to the audit committee at all times to discuss their audit and their related findings as to the integrity of the financial reporting process.

## **Nomination of Directors**

The Board considers its size each year when it considers the number of directors to nominate for election at the annual general meeting of shareholders, taking into account the size of the Company, its asset base and the number of members required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

## **Compensation**

The directors receive no cash compensation for acting in their capacity as directors of the Company. The compensation for senior management of the Company is determined by and at the discretion of the Board. The Board determines compensation for the directors, the Chief Executive Officer and the Chief Financial Officer. See "*Statement of Executive Compensation*" below.

## **Other Board Committees**

The Board has no committees other than the audit committee.

## **Assessments**

The Board has not developed written descriptions or objectives for its executives and looks to generally accepted industry standards as adequately delineating the roles and responsibilities of such persons. There is no formal process for regular assessment of the Board, its committees and individual directors. Rather the Board informally assesses performance through ongoing dialogue amongst Board members.

### Stock Option Plans and Other Incentive Plans

The Company's Stock Option Plan was established to provide incentive to employees, directors, officers, management companies and consultants who provide services to the Company. The TSXV policies respecting the granting of stock options require that all companies listed on the TSXV adopt a stock option plan and that any stock option plan that reserves a maximum of 10% of the issued and outstanding share capital of the Company at the time of grant, must be approved and ratified by shareholders on an annual basis.

For details about the Plan, see "*Particulars of Matters to be Acted Upon – Continuation of Stock Option Plan*" below.

### Employment, Consulting and Management Agreements

## **Oversight and Description of Director and NEO Compensation**

### *Elements of the Compensation Program*

The responsibilities relating to executive and director compensation, including reviewing and recommending compensation of the Company's officers and employees and overseeing the Company's base compensation structure and equity-based compensation program is performed by the Board as a whole. The Board also assumes responsibility for reviewing and monitoring the long-range compensation strategy for the Company's senior management. The Board generally reviews the compensation of senior management on an annual basis taking into account compensation paid by other issuers of similar size and activity and the performance of officers generally and in light of the Company's goals and objectives.

The compensation for senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including: (a) attracting and retaining talented, qualified and effective executives; (b) motivating the short and long-term performance of executives; and (c) better aligning the interests of executive officers with those of the Company's shareholders. In the Board's view, paying salaries which are competitive in the markets in which the Company operates is a first step to attracting and retaining talented, qualified and effective executives. Competitive salary information on comparable companies is compiled from a variety of sources, including national and international publications.

The Board determines the compensation for the CEO. The compensation of the Company's executives is determined by the Board after the recommendation of the CEO. In each case, the Board takes into consideration the prior experience of the executive, industry standards, competitive salary information on comparable companies of similar size and stage of development, the degree of responsibility and participation of the executive in the day-to-day affairs of the Company, and the Company's available cash resources.

In the Board's view, to attract and retain qualified and effective executives, the Company must pay base salaries which are reasonable in relation to the level of service expected while remaining competitive in the markets in which the Company operates.

The Board has assessed the Company's compensation plans and programs for its executive officers to ensure alignment with the Company's business plan and to evaluate the potential risks associated with those plans and programs. The Board has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Company. The Board considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

The Company has not adopted a policy restricting its executive officers or directors from purchasing financial instruments that are designated to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by its executive officers or directors. To the knowledge of the Company, none of the executive officers or directors has purchased such financial instruments.

### **Director Compensation**

The directors receive no cash compensation for acting in their capacity as directors of the Company.

Except for the grant to directors of stock options there are no arrangements under which directors were compensated by the Company during the two most recently completed financial years for their services in their capacity as directors.

## **Option-Based Awards**

The Company has a stock option plan in place, defined as the Plan below, which was established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. Management proposes stock option grants to the Board based on such criteria as performance, previous grants, and hiring incentives. The Board administers the Company's Plan and all option grants require Board approval. The Plan allows options to be issued to directors, officers, employees or consultants of the Company.

In compensating its senior management, the Company employs a combination of salary and equity participation. The Board is of the view that encouraging its executives and employees to hold shares of the Company is the best way to align their interests with those of the Company's shareholders. Equity participation is accomplished through the Company's Plan. See "*Particulars of Matters to be Acted Upon – Continuation of Stock Option Plan*" below for particulars of the Company's stock option plan.

Stock options are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and competitive factors. The amounts and terms of options granted are determined by the Board based on recommendations put forward by the CEO. Due to the Company's limited financial resources, option grants are an important part of executive compensation to assist in maintaining executive motivation.

Given the evolving nature of the Company's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

## **Pension Plan**

The Company does not have a pension plan for any of its directors or NEOs.

## **INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS**

No directors, proposed nominees for election as directors, executive officers or their respective associates or affiliates, or other management of the Company were indebted to the Company as of the date of completion of the most recent fiscal year or as at the date hereof.

## **INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS**

To the knowledge of management of the Company, no informed person (a director, officer or holder of 10% or more of the Common Shares) or nominee for election as a director of the Company or any associate or affiliate of any informed person or proposed director had any interest in any transaction which has materially affected or would materially affect the Company or any of its subsidiaries during either of the financial year ended December 31, 2025, or has any interest in any material transaction other than as set out herein and as are disclosed in Note 15. – *Due to Related Parties and Related Party Transactions* in the annual financial statements and under "*Related Party Transactions*" on page 6 in the management discussion and analysis for the financial year ended December 31, 2025.

#### Continuation of Stock Option Plan

The Company has a Stock Option Plan adopted by the Company in 2023 (the “**Plan**”), being a rolling plan pursuant to which options totalling a maximum of 10% of the Common Shares outstanding from time to time are available for grant.

To comply with TSXV policies covering “rolling” option plans, continued grants under the Plan must be approved annually by the shareholders of the Company. At the Meeting shareholders will be asked to ratify and approve the Plan for continuation until the next annual general meeting of the Company.

The Board is of the view that the Plan provides the Company with the flexibility to attract and maintain the services of executives, employees and other service providers in competition with other companies in the industry.

The current Stock Option Plan was approved by the shareholders of the Company at the annual meeting of the shareholders held on July 5, 2023 and was lastly approved to continue by the shareholders at the annual meeting held on July 3, 2025. **The information below is a summary of the Plan and should be read in conjunction with the full text of the Plan that is attached as Schedule “C” of the Information Circular dated for reference July 5, 2023 and filed on SEDAR+ profile of the Company on June 8, 2023.** Any definitions or capitalized terms used or referenced below have the same meaning attributed to them in the Plan.

#### Summary of the Plan

The Plan is a “rolling” stock option plan that sets the number of Common Shares issuable thereunder at a maximum of 10% of the Common Shares issued and outstanding at the time of any grant. As at the date of this Circular, assuming

approval of the Plan by the Shareholders at the Meeting, there will be an aggregate 10,116,182 reserved options under the Plan and represents approximately 10% of the issued and outstanding Common Shares as of the Record Date.

Options may be granted to any director, officer, employee, management company employee or consultant of the Company and their beneficially wholly-owned company (as defined in the Plan). An optionee shall not be excluded from being granted an option solely because he/she may previously have been granted an option under the Plan. No optionee shall have any of the rights of a shareholder with respect to any Common Shares subject to an option until such Common Shares have been paid for in full and issued to such optionee.

Subject to disinterested shareholder approval, the number of Common Shares set aside for issuance to an individual must not exceed, within a 12-month period, 5% of the number of issued and outstanding shares of the Company. The total number of options granted to all persons providing investor relations services during a 12-month period shall not exceed 2% of the issued and outstanding Common Shares. Additionally, the total number of options granted to a Consultant shall not exceed 2% of the issued and outstanding Common Shares. The number of options granted to insiders (as a group) under the Plan shall not exceed 10% of the issued and outstanding Common Shares. Options are not transferable and the period during which an option may be exercised may not exceed ten years from the date of its grant. The minimum exercise price of an option granted must not be less than the Discounted Market Price (as defined in TSXV Policy). The Plan also provides provisions in respect of cashless exercises and net exercise by an optionee, subject to other terms and conditions set forth therein.

Subject to section 5.3(b) and (c) of TSXV's Policy 4.4, the Company seeks the disinterested shareholders' approval for any of the events of when the aggregate number of shares issuing to insiders of the Company exceeding 10% of the outstanding Common Shares, within or not any 12 month period, or to any insider exceeding 5% within any 12 month period, or any reduction in exercise price or an extension of the term or other amendment to an Option that results in a benefit to an insider. The options are vested immediately with the exception that to persons who provides investor relationship services for which a 25% vested quarterly for a total period of 12 months or when the board determines applicable.

Upon the death of an optionee, the option may be exercised by the legal heirs or personal representatives of the optionee for a period not exceeding one year from the optionee's death provided that nothing in the foregoing shall have the effect of extending the term of an option beyond its original expiry date. Options granted to any optionee who is a director, officer or an employee shall expire at no later than 90 days after the optionee ceases to be at least one of those categories, by reason other than the optionee's death. Options granted to any optionee share terminate immediately in the case of dismissal from employment or service for cause, whether vested or not.

The Board may at any time suspend or terminate the Plan with respect to any Common Shares not at the time subject to option, and the Board may at any time and from time to time amend any provisions of the Plan subject to obtaining any required approval of the TSXV or other regulatory authorities having jurisdiction, provided that any such amendment shall not, without the consent of the optionee to whom such options were granted, adversely affect or impair any options previously granted under the Plan.

Pursuant to TSXV Policy, the Company is required to obtain the approval of its shareholders for a "rolling" stock option plan for acceptance of the option plan by the Company and at each annual meeting of shareholders.

Continuation of Stock Option Plan Resolution

At the Meeting, Shareholders will be asked to consider and, if thought fit, to pass the ordinary resolution below, with or without variation, to ratify and approve the Stock Option Plan for continuation.

**“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT** the Company’s Stock Option Plan be and is hereby ratified and approved for continuation until the next annual general meeting of the Company and any director or officer of the Company is hereby authorized to execute (whether under the corporate seal of the Company or otherwise) and deliver all such documents and to do all such other acts and things as such director or officer may determine to be necessary or advisable to give effect to the true intent of this resolution.”

In order to be effective, the foregoing ordinary resolutions must be approved by a simple majority of the votes cast by those shareholders of the Company who, being entitled to do so, vote in person or by proxy at the Meeting in respect of such resolution.

The Directors of the Company believe the passing of the foregoing ordinary resolution is in the best interests of the Company and recommend that shareholders of the Company vote in favour of the resolution.

**The Board unanimously recommends that each Shareholder vote “FOR” the Stock Option Plan of the Company. In the absence of instructions to the contrary, the persons designated by management in the Proxy intend to vote “FOR” the preceding resolution.**
